1 IMPORTANT INFORMATION

1.1 About this Document

- 1.1.1 These MetaTrader Terms and Conditions of Trading ("**Terms**") are part of a wider agreement between you and us (being CMC Markets NZ Limited referred to in these Terms as "**CMC Markets**", "**we**", "**us**" or "**our**") pursuant to which we will provide Products and Services to you, specifically derivative products issued by us and traded through the MetaTrader Platform ("**Products**"). Before deciding whether to trade with us, you should consider whether trading CMC Markets Products is a suitable investment for you and should carefully review these Terms, the PDS, the OMI and the other documents published by us from time to time on the legal section of our Website or on the Trading System. You may also request these documents from us in writing.
- 1.1.2 You should note that these Terms contain information specific to Products offered by CMC Markets that is not applicable to products traded through any other platform.
- 1.1.3 The agreement between you and us consists of these Terms the PDS, the OMI, the Product Library, any Confirmation, any specific terms and conditions you accept in writing in relation to your Account or on the Trading System and any other terms and conditions published by us from time to time on the Trading System or on our Website ("**Agreement**").
- 1.1.4 The Products described in these Terms are speculative products, and, when leveraged they can place a significantly greater risk on your investment than non-leveraged investment strategies such as conventional share trading. You will find more about risk factors associated with trading in section 3 (Risks) of the PDS. You may incur losses in addition to any fees and costs that apply. These losses may be far greater than any money you have deposited into your Account or are required to deposit to satisfy any Margin.
- 1.1.5 These Terms are dated and are effective from the date noted on the front cover. The current Agreement supersedes all previous oral or written representations, arrangements, understandings and/or agreements between you and CMC Markets which relate to your Account, use of the Trading System, the Products and Services. These documents are available on our Website.
- 1.1.6 The version of the Agreement (which includes these Terms) published on our Website at the time of entering into a Trade governs that Trade. Information within these Terms, the PDS, the OMI or any other document that otherwise forms part of the Agreement is subject to change from time to time and, where it is not materially adverse to you, may be updated by us by posting it on our Website. See clause 9 below for more information. You must ensure that you keep informed of these changes.
- 1.1.7 For your own benefit and protection, you should take sufficient time to read the Agreement, as well as the additional documents and information available on our Website and through the Back Office Platform, before you apply to open an Account and/or place any Order. If you do not understand any aspect of the Agreement, you should seek independent professional advice.
- 1.1.8 If you are receiving advice or services from an Introducing Adviser, you should also refer to their disclosure material.
- 1.1.9 Schedule 2 of these Terms contains a Glossary in which various words and phrases used in these Terms are defined. Terms that have been included in the Glossary are capitalised in this document.

1.2 Applying to trade with CMC Markets

- 1.2.1 Before you begin trading with CMC Markets you must complete an Application. Before completing the Application you should consider all the documents that make up the Agreement. The Application is available on our Website. Please refer to clause 2.2 for more information.

1.3 Reference to other parties

- 1.3.1 No other entities or Underlying Markets have endorsed the Products we issue nor do they accept any responsibility for any statements contained within these Terms. References in these Terms or any other part of the Agreement to an underlying asset or to an Underlying Market are included solely for information purposes.

2 KEY TERMS

2.1 Trading with CMC Markets

- 2.1.1 It is important to note that CMC Markets acts as the counterparty for your Trades. You cannot trade with another provider to close any existing Position opened with CMC Markets.
- 2.1.2 The Products and Services are primarily provided online, however if you cannot access the Trading System directly, then you may be able to contact our Client Management Team by telephone to request that we access the Trading System on your behalf, however please refer to section 3 (Risks) of the OMI and the PDS for more information on when the Trading System may become unavailable.
- 2.1.3 When trading on the Trading System you are trading an OTC product. CMC Markets will have regard to the price of the Underlying Market, however, when you trade you will be trading on the CMC Markets price and not the Underlying Market price.

2.2 Account opening process

- 2.2.1 When we receive a completed Application from you, we may use your information to conduct any further enquiries about you and any other Person referred to in the Application (if applicable) as we in our sole discretion determine are necessary or appropriate in the circumstances (including but not limited to confirmation of your identity, sanctions screening, and obtaining references from your bank or your employer (as applicable)). Where applicable you confirm that you are fully authorised to provide the information of any other Persons referred to in the Application. Where our enquiries include searches with credit reference agencies, they may appear on your, or the other Person's, credit history. We may also carry out any additional checks or periodic reviews that we (in our sole discretion) determine are necessary or appropriate in the circumstances. You will need to co-operate with us and supply any information that we request promptly. We reserve the right to periodically review any information that you have provided and to make periodic searches of, and provide information to, credit reference and/or any other agencies (as applicable) where we have a legitimate reason for doing so.
- 2.2.2 Trading in our Products may not be suitable for all investors because of the significant risks involved. During the application process CMC Markets will ask questions in order to assess your understanding of and experience with CFDs or related products. Based on your answers we may allow you to open an Account or decline your Application and recommend that you first obtain further education or experience, for example, through the use of a demo account.
- 2.2.3 We may rely on the information that you provide us in the Application as being correct and not misleading at all times, unless you notify us otherwise in writing. You must notify us as soon as possible in writing if any of the contact details provided to us in your Application or otherwise have subsequently changed.
- 2.2.4 In certain circumstances we may require additional documentation prior to opening your Account such as the provision of a guarantee in respect of Accounts opened by non-individuals.

2.3 Security and Account authentication

- 2.3.1 You are responsible for setting your own password in accordance with the instructions that we provide to you (which together with your email address are known as your "**Account Sign-In Details**"). It is your responsibility to keep all information that you hold relating to your Account,

including your Account Sign-In Details and emails and letters that we send to you, confidential at all times. We rely on this information being secure to protect you and us against fraud, as we will normally treat any Person who accesses your Account using your Account Sign-In Details as being you. You must notify us immediately if you know or suspect that any Person has accessed or may access your Account, or any information you hold in your Account, without your permission. Unless you notify us otherwise under this clause 2.3.1, we will treat any activity on or communication made from your Account as having been authorised by you and you may be liable for such activity up to the point of notification.

3 ACCOUNTS

3.1 Order execution and Price sources

3.1.1 We enter into all Trades with you as principal using Prices quoted through the Trading System and/or our Client Management Team. Our Prices are not identical to prices for similar financial instruments or their underlyings quoted on an exchange or other regulated market, therefore we and/or our Associates may profit from these Trades. You agree that neither we nor our Associates are liable to account to you for such profits. By entering into Trades via the MetaTrader Platform or through our Client Management Team you consent to your Orders being executed outside of a regulated market and in accordance with our MetaTrader OEP.

3.1.2 We may from time to time, in our sole discretion, accept instructions including instructions to agree to execute Orders we receive via e-mail or other electronic messaging system. We have no obligation to accept, all or any part of an instruction via e-mail or electronic messaging system. You authorise us to act on any instruction or Order given or appearing in our reasonable opinion to have been given by you through e-mail or other electronic messaging system. Without limiting the foregoing, we have no responsibility for, nor from any loss arising from, transmissions that are inaccurate or not received by us, and we may execute any Order on the terms actually received by us without requirement to seek further confirmation. Any acceptance of such instructions shall not create any precedent of future behaviour. We may ask you to agree to additional written terms relating to this clause.

3.2 Duration of the Agreement

3.2.1 The Agreement will become legally binding between you and us on the date that we confirm in writing that we have accepted your Application to open an Account.

3.3 Authorised Persons

3.3.1 If you want to appoint an attorney or agent, you must notify us in writing of any Person who is authorised to act on your behalf in relation to the Agreement (“**Authorised Person**”). You and/or the Authorised Person will be required to complete such further documentation as we may reasonably require. We may require evidence that the Authorised Person has authority and is appropriate to act on your behalf.

3.3.2 We may revoke or reject the appointment of an Authorised Person if we know or reasonably suspect that such appointment could result in a breach of the Agreement and/or Applicable Law. You must immediately notify us in writing of any changes to the appointment and/or authority of any Authorised Person.

3.3.3 We shall be entitled to act upon any instructions of, or Orders transmitted by, any Authorised Person or any Person who reasonably appears or purports to be an Authorised Person in relation to your Account, notwithstanding that the Person is not, in fact, so authorised.

3.3.4 Notwithstanding clause 3.3.3, we will not be under any duty to accept any instructions or Orders from such Authorised Person if we reasonably believe that the Authorised Person may be acting in excess of their authority. Any action taken by an Authorised Person appointed by you or any Person who reasonably appears or purports to be an Authorised Person shall be deemed to be an action by you. Any information provided by us to an Authorised Person or any Person who

reasonably appears or purports to be an Authorised Person will be deemed to have been provided by us to you.

- 3.3.5 Where you have appointed an Authorised Person to act on your behalf and that Person also acts on behalf of other clients of CMC Markets, then the Authorised Person may decide to place a single, aggregated order with us in respect of a Product and allocate the order amongst you and its other clients. We are not responsible for the aggregation and allocation of such orders, and you should consult your Authorised Person for further information on any such order aggregation or allocation.

3.4 Joint Accounts

- 3.4.1 If you open a Joint Account:

- (a) references to you are references to any other Person in whose name the Joint Account is held. We may exercise any of our rights or obligations under the Agreement against any Person who is, or reasonably appears or purports to be, named on that Joint Account. This includes acting on instructions received from such a Person;
- (b) we may disclose information (including, for the avoidance of doubt, personal information) provided by one Joint Account Holder to one or all of the other Persons in whose name the Joint Account is held;
- (c) each Joint Account Holder shall be jointly and severally liable for any financial obligations arising on their Joint Account. This means that any monies owed to us in relation to the Agreement shall be payable in full by anyone named on that Joint Account;
- (d) the death of any Joint Account Holder will be a Specified Event, and the Joint Account will be closed and the balance will be paid equally to the survivor and the relevant Joint Account Holder's estate;
- (e) we may give any notice or communication to any one or all Persons in whose names that Joint Account is held and any notice or communication, made to any one Person, shall be deemed as having been made to all Joint Account Holders; and
- (f) our rights under the Agreement, including but not limited to our rights to take a Reserved Action shall expressly apply in respect of all Joint Account Holders and the occurrence of a Specified Event in respect of one Joint Account Holder will allow us to exercise any rights we may have under the Agreement.

- 3.4.2 After a Joint Account has been opened, you cannot add or remove Persons named on that Joint Account. If you wish to change the Joint Account Holders you must close the Joint Account and open a new one.

4 TRADING WITH US

4.1 Orders

- 4.1.1 In addition to our rights to modify, cancel and/or reject your Orders, we may, in our sole discretion, refuse to accept any instructions, set a Product to Reduce Only and/or set an Account to Reduce Only or Unauthorised To Trade, for any reason whatsoever.

4.2 Accessing the Trading System

- 4.2.1 We will do our best to make the Trading System and our Client Management Team available when required by you, but we cannot guarantee that the Trading System or our Client Management Team will be available continuously. Subject to clause 7.3.2, we will not be liable to you for any loss that arises as a result of the Trading System and/or our Client Management Team being unavailable.

4.2.2 You are responsible for making sure that you are able to access the Trading System when you need to. This includes having access to a device that can connect to the Trading System, maintaining the device so that it functions properly and having adequate internet connectivity.

4.2.3 If you cannot access the Trading System directly, then you should try to contact our Client Management Team by telephone or email to request assistance. However, this is likely to be much slower than accessing the Trading System directly and we cannot guarantee the availability of our Client Management Team.

4.2.4 Where the Trading System, our Website, e-mails or any other content generated by us contains links to other websites and resources provided by third parties, these links are provided for your information only and we accept no responsibility for them or for any loss or damage that may arise from your use of them.

4.3 Information and reports about your trading activity and your Account

4.3.1 We provide a range of information relating to your Account on and through the Trading System, including:

- (a) once we have executed an Order on your behalf, we will promptly provide you with the essential information concerning the execution of the Order in real time through the Trading System;
- (b) where the value of any relevant Trade moves by ten (10) per cent or multiples of ten (10) per cent, we will notify you where required under Applicable Law; and
- (c) up-to-date statements of your Positions and any money held by us in respect of your Account as required under Applicable Law.

4.3.2 It is your responsibility to regularly access and review the information set out above to ensure that it corresponds with your own records. Subject to clause 4.4, information provided through the Trading System will be conclusive unless we notify you or you notify us in writing of any mistake, error or inaccuracy.

4.3.3 The Trading System will generally update the information set out in clause 4.3.1 in real time. However, from time to time this may not happen immediately due to a Circumstance Outside Our Control (see clause 8.2). If, for example, you are unsure as to whether or not we have received an Order that you have attempted to place, or whether or not a particular Trade has been entered into or closed, or whether you have sufficient funds on an Account to meet Margin or whether or not your Account Value is sufficiently high to avoid Account Close-Out, then you should check the Trading System carefully, contact us through the live help function (where available) on the Trading System or contact our Client Management Team to seek further information.

4.3.4 We will retain certain information in relation to your Account that we are required to provide you with in relation to an Order or Trade to the extent and for the duration required by Applicable Law. You may access this information through the Trading System or upon request even if the relevant Account has been closed or the Agreement has been terminated. After this period, we may destroy this information or retain it for such further duration as we see fit, in accordance with Applicable Laws and in our record retention policy and without notice to you.

4.4 Errors

4.4.1 From time to time, material errors and omissions may occur in respect of your Trades, your Account, or the Trading System (each an “**Error**”). Examples of Errors may include (without limitation): a Pricing Error, the Trading System displaying incorrect Prices (whether caused by a third party supplier or due to a problem with our systems), an Order being handled incorrectly by the Trading System and/or our Client Management Team (including execution at an incorrect Price or contrary to Underlying Market conditions) or incorrect Deductions or credits being applied to your Account.

- 4.4.2 If you or we know or suspect, or are aware of circumstances in which you or we ought reasonably to know or suspect, that an Error has occurred:
- (a) as applicable, you must notify us as soon as reasonably practicable or we will notify you (which may be by displaying a message on the Trading System) as soon as reasonably practicable, which for the avoidance of doubt may be after an Error has occurred; and
 - (b) we will then use reasonable endeavours to investigate whether there has, in fact, been an Error and/or what caused it, and we will notify you (which may be by displaying a message on the Trading System) of the outcome of our investigation and any measures that we will take in accordance with the Agreement.
- 4.4.3 If an Error has occurred, this constitutes a Specified Event and the provisions of clauses 8.1 and 8.3 will apply, and we will inform you of any Reserved Actions we may take, or may have taken, in accordance with clause 8.3.2.

5 FINANCIAL MATTERS

5.1.1 Accounts

- 5.1.2 If there has been no activity on your Account for an extended period of time, we may impose dormant account fees in accordance with section 4 (Fees and Charges) of the OMI and make a Deduction from your Account in accordance with clause 5.4.
- 5.1.3 If there has been no activity on your Account in the previous five (5) years, we will make reasonable attempts to contact you regarding any Client money held in your Account. If we are unable to contact you, you agree that we may cease to treat such money as Client money and release it from our Client money bank account and pay it to charity or the relevant revenue authority in accordance with Applicable Law.
- 5.1.4 We do not accept responsibility for any loss or damage suffered by you as a result of you trading on money placed in or credited to your Account in error by us or on our behalf. We will be entitled at any time and in our sole discretion to deduct, without notice or recourse to you, any money placed in or credited to your Account in error by us or on our behalf.

5.2 Payments and withdrawals

- 5.2.1 You are responsible for making any payments to us that are required under the Agreement. We may reject any payment that is not made in accordance with our payment procedures (details of which are available on the Back Office Platform or from our Client Management Team upon request).
- 5.2.2 When making payments to us, you may wish to leave "headroom", especially during volatile and potentially volatile periods (i.e. an Amount that ensures you have sufficient funds above your Margin requirements and that your Account Value is in excess of your total Margin requirements (if applicable) or the Amount required to keep the Account Value above the applicable Close-Out Level on any Account). You should consider your Positions, Trades and Pending Orders, the volatility of the particular Product concerned and the relevant markets for the underlying asset, the time it will take for you to make further payments of cleared funds to us and any other matter which you may think relevant.
- 5.2.3 Any payment made by you or on your behalf by certain Authorised Persons will only be given effect once our systems have credited it to the relevant Account and it is shown on the Trading System. We cannot guarantee how long this process will take and, subject to 7.3.2, we will not be liable to you for any loss arising as a result of any delay in us crediting any payment to your Account and/or in any such payment showing on the Back Office Platform and/or the MetaTrader Platform.

- 5.2.4 You are responsible for any costs and charges incurred in the process of making any payment to your Account. You may also be liable for other charges that are not imposed by us, including bank transfer fees, and fees to internet and telephone service providers. If you make a payment by debit card or credit card or withdraw money from an Account, we may charge an administration fee to process that payment and/or withdrawal in accordance with Applicable Law.
- 5.2.5 You may make a request to withdraw money up to the lower of your Available Equity or Cash from your Account as shown on the Back Office Platform at that time. Details on how to make withdrawals of money from your Account are available on our Website or from our Client Management Team upon request.
- 5.2.6 If there is a loss of connection between the Back Office Platform and the MetaTrader Platform, then withdrawals from your Account may not be possible until the connection is restored. Subject to clause 7.3.2, we will not be liable to you for any loss arising as a result of any delay in restoring the connection between the Back Office Platform and the MetaTrader Platform.
- 5.2.7 Unless we agree otherwise or in order for us to comply with Applicable Law, we will only accept a request for a withdrawal of money from an Account that is given directly by you or certain Authorised Persons. We will not accept any request for a withdrawal of money from an Account from any other Person. Withdrawals of money from your Account will only be made in the Account Currency and will only be processed by us where the destination for the money being withdrawn is the same as the origin of your payments made under clause 5.2.1, unless (subject to our prior approval) you have notified us in writing that your payment details have changed.
- 5.2.8 We may in our reasonable discretion refuse or delay giving effect to your request for a withdrawal of money from your Account (in whole or in part), including as a result of any request to close that Account under clause 9.5.1. We will notify you as soon as reasonably practicable if we decide to refuse or delay giving effect to your request for a withdrawal and such action shall be a Specified Event (see clause 8.1).
- 5.2.9 Notwithstanding any other provision of the Agreement, any payment obligation that we may have to you under the Agreement (other than a payment obligation pursuant to clause 8 of Schedule 1) is subject to the condition precedent that no Event of Default has occurred and is continuing and no Early Termination Date has occurred or been effectively designated.
- 5.3 **Account Currency**
- 5.3.1 The Account Currency of an Account will be specified at the time you open the Account, and any payment obligations in relation to that Account must be settled in that Account Currency.
- 5.4 **Our right to deduct money from your Account**
- 5.4.1 Any money due to us under the Agreement, or required to be deducted by Applicable Law (including for tax purposes), may be deducted from any money held by us in respect of your Account. This is our right to make a Deduction.
- 5.5 **Our right of Set-Off in relation to your Account**
- 5.5.1 We may, at any time and without notice to you, apply any positive Cash balances in any account with us or our Associates or any money due to you from us against any money due to us (or any of our Associates) under any account with us or our Associates from you. This is our right of Set-Off. We may apply the Currency Conversion Rate to convert the relevant Cash balances and any money due to you or us into the same currency.
- 5.6 **Netting of payment obligations between us and you**
- 5.6.1 If at any time in relation to any one Account:
- (a) you owe us and we owe you the same amount of money in the same currency, then both your and our obligation will each be automatically satisfied and discharged; or

- (b) you owe us and we owe you a different amount of money in the same currency, then whichever of us owes more may pay the excess to the other party and both you and our obligations will be satisfied and discharged.

5.7 Taxes

- 5.7.1 If we are required to pay any withholding tax or other levies on your behalf, we reserve the right to deduct such amounts from your Account or otherwise require you to pay or reimburse us for such payments.
- 5.7.2 We are entitled to deduct or withhold, in our sole discretion, any tax required by Applicable Law from any payment or credit made to your Account. Your tax treatment in relation to Trades may differ according to your circumstances and the tax legislation in your jurisdiction (which may change). You may also be liable for other taxes and charges that are not imposed or which we withhold, including bank fees for transfer of money or assets, and fees to internet service providers. You may wish to seek independent professional advice in this regard.
- 5.7.3 All charges will be made inclusive of any value added taxes or similar consumption taxes as applicable.

5.8 Commission and other charges

- 5.8.1 There are costs associated with trading with us, including Spread, currency conversion costs, Commission, Holding Costs and market data fees:
 - (a) Spread is the difference between the Ask Price and the Bid Price. This cost is realised each time you open and close a trade;
 - (b) any Cash, Realised Profit, Realised Losses, adjustments, fees and charges that are denominated in a currency other than the base currency of your Account, will be converted to the base currency of your Account and a currency conversion fee will be charged to your Account;
 - (c) Commission will be charged on each trade, details of the Commission for each Product is available in the Product Library;
 - (d) Holding Costs are the fees charged for every night that your position is held. This means the longer you hold a position, the greater the Holding Costs. Any additional cost of borrowing will be factored into the Holding Cost. Details of Holding Costs and how they are calculated are available in the Product Library and examples of Holding Cost calculations are available on our Website;
 - (e) in respect of the MT5 Platform only, if you subscribe for certain Products, a market data subscription fee may apply. The market data fee covers fees we must pay to price vendors for use of market data in deriving our pricing for certain Products. Applicable market data fees can be found on the MT5 Platform. Different market data subscription fees will apply if you are not classified as a Private Investor. In order to qualify as a Private Investor, you and all Authorised Persons must satisfy the conditions of a Private Investor (see Schedule 2); and
 - (f) administration fees may apply. Please refer to our OMI for information on administration charges.
- 5.8.2 Details on these costs can be found in our costs disclosure via our Website, the Trading System, in these Terms, the PDS and in section 4 (Fees and Charges) of the OMI. We may impose and/or vary additional fees, commissions (including but not limited to our Commission), costs or charges from time to time in respect of Pending Orders, Trades, Positions or your Account where we have a valid reason for doing so.
- 5.8.3 Where we have notified you in accordance with these Terms of a change to our Commissions, then corresponding Amounts will be due and payable to us immediately upon execution of an Order and will be deducted from the Cash in your Account. It is your responsibility to ensure that

you have sufficient Cash in your Account to pay any Commission due in full, and any failure to do so may result in Account Close-Out.

5.9 Introduced business

5.9.1 This clause 5.9 applies if you have been introduced to us by an Introducing Adviser and have agreed with that Introducing Adviser for the payment of fees, commission and/or other remuneration (“**Third Party Fees**”) in respect of such introduction and related services provided by the third party introducing broker to be paid via the Trading System.

5.9.2 By entering into the Agreement with us, you:

- (a) authorise us to disclose information about you and your Account including your personal data and your Account activity to the Introducing Adviser, its Related Companies and each of the Introducing Adviser and its Related Companies’ officers, employees, agents, representatives and sub-contractors as required for the purposes of providing services to you; and
- (b) authorise us to deduct any Third Party Fees payable by you to the Introducing Adviser from any money held by us in respect of your Account and pay this to the Introducing Adviser on your behalf. We will notify you in advance of the basis of calculating Deductions.

5.9.3 It is your responsibility to ensure that there are sufficient funds in your Account to pay any Third Party Fees due to the Introducing Adviser in full.

5.9.4 We reserve the right, at any time and without notice to you, to cease to facilitate the payment of, or make Deductions in respect of, the Third Party Fees. 6.1.9 When using any communication channels by third-party platforms including Omnichannel Communication Channels you acknowledge and agree to assume the associated risks. We shall not be held liable for any claims, damages, losses or other liabilities from the use, operation, malfunction or data breach of communication channels by third-party platforms. CMC Markets reserves the right to reject the use of Omnichannel Communications Channels. Such decisions will be made on fair and reasonable grounds, where applicable.

- 7.2.1 If you believe or have reason to believe that you have breached any term of the Agreement, then you must inform us immediately in writing.
- 7.2.2 You will be responsible for any losses and/or expenses that we suffer which are the result, or which a reasonable person would consider to be the probable result, of you or an Authorised Person being negligent, acting fraudulently or breaching the Agreement or Applicable Law.

7.3 Our liability towards you, and limitations of that liability

- 7.3.1 Nothing in the Agreement excludes or limits our liability for any matter that cannot be excluded or limited under Applicable Law.

For the avoidance of doubt, we will not be liable for any loss of profit or opportunity howsoever arising.

- 7.3.3 We are not responsible for any delays, delivery failures, or failures in transmission of any Order or any other communication or any other loss or damage resulting from the transfer of data over mobile or other communications networks and facilities outside of our control.
- 7.3.4 All warranties as to the description, quality, performance or fitness for the purposes of the Client of the MetaTrader Platforms or any component of any such MetaTrader Platform are disclaimed and excluded. - 7.3.6 For the avoidance of doubt, our third party providers are not responsible for and have not participated in the determination of our Prices and they exclude all warranties, undertakings or representations (either express or implied) relating to your use of the Trading System, our Website or the Elements. Without limiting the foregoing, in no event whatsoever shall our third party providers be liable for any loss, regardless of whether they are aware of such loss and whether such liability is based on breach of contract, tort or otherwise.
- 7.3.7 Save in the event of our negligence, wilful default or fraud, we will not be liable for any loss or damage caused by a distributed denial-of-service attack, viruses or other technologically harmful material that may infect your computer equipment, computer programs, data or other proprietary material due to your use of the Trading System or Website or to your downloading of any material posted on it, or on any website (including our Website) linked to it.
- 7.3.8 Unless expressly stated otherwise in the Agreement, we are not responsible for reminding you or alerting you to any obligation or liability that you may have under the Agreement. Where we do make or provide any such reminders or alerts to you, this is done entirely at our sole discretion and does not represent any obligation or commitment on our part to make or provide any such reminders or alerts to you in the future.

8 OUR RIGHTS IN CERTAIN CIRCUMSTANCES

8.1 Specified Event

- 8.1.1 Should a Specified Event occur, be reasonably likely to occur, or when we become aware of a Specified Event, we may take a Reserved Action, provided it is fair and reasonable in the circumstances (see clause 8.3).

8.2 Circumstances Outside Our Control

- 8.2.1 Any failure by us to perform our obligations under the Agreement caused by a Circumstance Outside Our Control will not be a breach of the Agreement.
- 8.2.2 If we reasonably determine that there is a Circumstance Outside Our Control, we will give you notice of this as soon as it is practicable and in accordance with Applicable Law. We will use reasonable endeavours to resume our provision of the Trading System, our Services and/or performance of our obligations under the Agreement as soon as possible. Where it is fair and reasonable to do so, we may take an appropriate Reserved Action.
- 8.2.3 Where we are able to resume provision of the Trading System services and/or performance of our other obligations under the Agreement following a Circumstance Outside Our Control:
- (a) the value of any Trade held immediately before the Circumstance Outside Our Control that remains open will be determined by the Price as at the time we are able to resume our provision of the Trading System services;
 - (b) we may act on any instructions to transmit any Order in relation to a Trade received immediately before the Circumstance Outside Our Control, provided it is possible to do so; and
 - (c) you are responsible for re-instating or cancelling any Orders affected by a Circumstance Outside Our Control.

8.3 Reserved Actions

- 8.3.1 If we are required to do so under Applicable Law, or a Specified Event or Circumstance Outside Our Control occurs or is reasonably likely to occur, or we have serious grounds or valid reasons for doing so, we may in our sole discretion take any action, including any Reserved Action, that is fair and reasonable in the circumstances.
- 8.3.2 If we have taken or decide to take any Reserved Action then we will attempt to notify you of this as soon as reasonably practicable, unless Applicable Law prevents us from doing so. When taking any Reserved Action, we may, in our sole discretion, take into account any prior instructions you have provided to our Client Management Team.

9 AMENDMENTS AND TERMINATION

9.1 Amendments to the Agreement in general

- 9.1.1 We may amend any part of the Agreement at any time by giving you notice, subject to clause 9.1.2.
- 9.1.2 Subject to any agreement we have made with you, any amendments to the Agreement that we give you notice of will take effect on the date specified in our notice to you, which will be at least ten (10) Business Days after we send our notice to you. We may give you less than ten (10) Business Days' notice if the amendments to the Agreement are required in order to comply with Applicable Law, or where you expressly accept amendments in writing at our request. If you do not accept the amendment:

- (a) you will be free to close your Account and/or terminate the Agreement in accordance with clause 9.5 before the amendment takes effect; or
- (b) on and from the effective date of the change, we may set your Account to Unauthorised To Trade or Reduce Only, close your Positions and/or terminate the Agreement in accordance with clause 9.5.2 below.

9.1.3 For the avoidance of doubt, we may provide you the amended Agreement, including the PDS and/or OMI, by the following methods:

- (a) **(email)** sending a weblink to the amended Agreement via electronic mail;
- (b) **(post)** sending notice of the amended Agreement via post; or
- (c) **(platform notification)** publishing a notice of the amended Agreement on the Back Office Platform.

9.2 **Amendments to Margin Rates, Margin requirements, Commissions, Close-Out Level, and other costs**

9.2.1 We may from time to time make amendments to Margin Rates, other Margin requirements applicable to a Product or your Account, Commission, Close-Out Level and/or other costs. If you have an open Trade, the method of this amendment may take the form of closing your existing Trade and reopening a new Trade with the new Margin Rate. We will, where possible, provide you with:

- (a) three (3) Business Days' notice of increases to the Margin Rates, other Margin requirements and/or Commission;
- (b) one (1) Business Day's notice of decreases to the Commission;
- (c) ten (10) Business Days' notice of amendments to the Close-Out Level; and
- (d) three (3) Business Days' notice for imposition of, or changes to, other costs.

but we reserve the right to make any amendment under this clause 9.2.1 on shorter notice or without any notice, where we have a valid reason to do so. We reserve the right, at any time and without prior notice to you, to decrease the Margin Rate and/or other Margin requirements. For the avoidance of doubt, we are not obliged to provide you with any notice under this clause 9.2.1 if your Account is not impacted by the amendments specified in this clause 9.2.1.

9.2.2 Following any amendment to Margin Rates, other Margin requirements, Commissions, Close-Out Level and/or other costs, it is your responsibility to ensure that you have sufficient Account Value and/or reduce your Positions to satisfy your obligations to us under the Agreement. Any failure to do so may result in Account Close-Out.

9.3 **Amendments to Prices, Rates and other Attributes**

9.3.1 Subject to clause 9.2.1, we will amend Prices, Rates and Attributes through the Trading System in real time and such amendments will take effect immediately as and when they are made, even if they are not displayed on the device that you use to access the Trading System. We may make changes to the way the Price of a Product is calculated and such amendments will take effect immediately as and when they are made.

9.3.2 The Trading System will amend Holding Rates for a particular Product as at the relevant Holding Time. The Holding Rates as at the previous Holding Time in respect of a Product will be displayed in the Product Library.

9.3.3 Where we notify you of a change to a limit in relation to an Attribute, you may be required to close any affected Trade within three (3) Business Days.

9.4 Removal of Products

9.4.1 Subject to clause 8.3, we may, at any time and in our sole discretion, remove any Products from the Trading System and/or remove your ability to place Trades in respect of a particular Product. If you have a Trade in any relevant Product being removed, we will use reasonable endeavours to provide you with at least ten (10) Business Days' notice in which to close any Trade that you may hold on such a Product. However, we reserve the right to provide a shorter notice period or no notice at all, where we have a valid reason to do so including in the event of a Circumstance Outside Our Control, Corporate Action or Adjustment Event.

9.4.2 It is your responsibility to cancel any Pending Orders and close any Trades in respect of a Product that is being removed in accordance with clause 9.4.1 at the time and in the manner specified in the notice. If you do not do this, we will do so.

9.4.3 Subject to clause 9.4.2, we may set any Product that is being removed in accordance with clause 9.4.1 to Reduce Only.

9.5 Closing your Account or terminating the Agreement

9.5.1 Subject to clause 5.2.8 and the condition precedent that no notice designating an Early Termination Date has been given by us, you may close your Account by giving us notice in writing which will usually take effect up to one (1) Business Day after it is received by us. If you do not cancel any Pending Orders, close any Trades on your Account or withdraw any money due to you before giving us such notice of termination, we will cancel any Pending Orders and close any Trades as soon as possible after we receive your notice and then attempt to return any money due to you, but there may be a delay in doing so.

9.5.2 We may close any Account by giving you notice in writing. Subject to clause 9.5.3, this will take effect on the date specified in such notice being no less than ten (10) Business Days after the date of the notice. Unless our notice of termination specifies otherwise and/or we have set your Account to Unauthorised To Trade, you will be allowed to cancel any Pending Orders and/or close any Trades during the time between: (i) when we give you the notice; and (ii) when your Account is due to close in accordance with the notice. If you do not do this or giving you notice is not possible, we will cancel any Pending Orders and close any Trades on your Account and then attempt to return any money due to you.

9.5.3 If we have serious grounds or valid reasons for doing so, we may terminate the Agreement or set an Account to Reduce Only or Unauthorised To Trade with less than ten (10) Business Days' notice, including immediately where you have no Positions. We will cancel any Pending Orders and close any Trades on your Account at the time and in the manner specified in the notice.

9.5.4 Unless otherwise agreed, the Agreement will automatically terminate following the closure of all of your Accounts by you or us. When you or we close an Account and/or the Agreement terminates we may exercise any right that we have to make a Deduction or to exercise our right of Set-Off.

10 ORDER EXECUTION POLICY

10.1 Summary

10.1.1 This clause sets out a summary of CMC Markets' order execution policy in respect of its Accounts ("OEP").

10.2 Key points

- 10.2.1 The MetaTrader Platform is licensed to CMC Markets by MetaQuotes Software Corp (“**MetaQuotes**”), a third party entirely unconnected to CMC Markets. We use the MetaTrader Platform’s order management and order triggering software in conjunction with our Prices and Order execution. The MetaTrader Platform is a standalone trading platform from our other trading platforms.
- 10.2.2 CMC Markets is the sole execution venue for your Orders. This means that your Orders are executed via a bilateral transaction with us as the counterparty to your trades, through the Trading System and not through a transaction on any Trading Venue or other external execution venue. We will not use any other execution venues to execute your Orders.
- 10.2.3 The Trading System is fully automated for pricing and Order execution. CMC Markets rely on MetaQuotes’ software to provide us with Order data, including Pending Orders. In the event of differences between the Back Office Platform and the MetaTrader Platform, we will take all reasonable steps to reconcile the difference as appropriate.
- 10.2.4 Our Prices are electronically generated by the Trading System, and such Prices may be different to prices generated by Trading Venues, other markets, execution venues/providers or CMC Markets’ other trading platforms.
- 10.2.5 By placing an Order, you are giving the Trading System an instruction to place that Order on your Account on the basis of the Prices generated by the Trading System. Please see our Website for further details on how your Orders are placed and executed, as well as further details on pricing.
- 10.2.6 As a result of rapid price movements, the Price at which the Trading System executes an Order for a Trade may be less favourable to you than the Price displayed on the Trading System when you place the Order.
- 10.2.7 An Order will only be deemed to be received by the Back Office Platform at the time at which the Back Office Platform actually receives it, which may not be immediately after you submit that Order on the MetaTrader Platform.
- 10.2.8 It is possible that before the Back Office Platform receives a Limit Order, Take Profit Order, Stop Order or Stop Loss Order from the MetaTrader Platform, numerous Price updates will have occurred, see clause 10.3.2 for more detail.
- 10.2.9 Where you have appointed an Introducing Adviser as an Authorised Person to act on your behalf and that Person also acts on behalf of other clients of CMC Markets, the Authorised Person may decide to place a single, aggregated order for Trades for multiple clients in respect of a Product and then allocate a portion of that order to you to represent your Order. We are not responsible for the aggregation and allocation of such orders, and such aggregation and allocation may operate to your disadvantage.

10.3 **How the Trading System handles the different types of Orders**

- 10.3.1 This clause provides information on the different types of Orders, including the standard and alternative triggers for the execution of such Orders. During extended Trading Hours, market liquidity may be reduced and/or market activity may be limited. If the Target Price for a Pending Order (including Limit Orders, Take Profit Orders, Stop Orders and Stop Loss Orders) is reached but cannot be validated against broader market activity, the Order may not be executed immediately. This is to ensure execution occurs at a representative market Price. For the avoidance of doubt, this applies whether you trade directly through the MetaTrader Platform or (where applicable) through an API and may be more likely when you trade via an API.
- 10.3.2 Orders listed below are managed and triggered in the MetaTrader Platform and executed by CMC Markets.

Market Order	The Trading System will execute a Market Order to sell at the first available Bid Price and a Market Order to buy at the first available
--------------	--

Ask Price, and will do so as soon as possible after the Order is accepted, provided the Market Order is made during Trading Hours and that the Trading System is available at the time the Market Order is made. Notwithstanding our general right to reject any Order for any reason, there may be times when we reject a Market Order as a result of, among other things, the speed and volume at which you are trading, or as a result of an invalid Price check undertaken by us.

Limit Order / Take Profit Orders

A Limit Order or Take Profit Order to buy at a Target Price will be executed at the Target Price or lower, when the Ask Price is equal to or lower than the Target Price.

A Limit Order or Take Profit Order to sell at a Target Price will be executed at the Target Price or higher, when the Bid Price is equal to or higher than the Target Price.

Commencing at the opening price, price improvements will not be passed on to you during market hours or auction periods.

Stop Order / Stop Loss Order

A Stop Order or Stop Loss Order to buy at a Target Price will be executed when the Ask Price is equal to or higher than the Target Price and will be executed at the first available Ask Price at the time the Trading System executes the Order or at the target price if the first available Ask Price is lower than the Target Price.

A Stop Order or Stop Loss Order to sell at a Target Price will be executed when the Bid Price is equal to or lower than the Target Price and will be executed at the first available Bid Price at the time the Trading System executes the Order or at the target price if the first available Bid Price is higher than the Target Price.

Stop Orders and Stop Loss Orders are not guaranteed and may be subject to gapping. It is not possible to attach guaranteed stop loss orders to Positions on the Trading System.

Trailing Stop

A Trailing Stop is an algorithm that manages Stop Loss Orders.

A Trailing Stop will automatically place a Stop Loss Order on a Trade once that Trade is in profit by at least the points value of the Trailing Stop (e.g. if the value of the Trailing Stop is 15 points then the Trade will need to be in profit by at least 15 points for the Stop Loss Order to be placed). Subsequently, if the Trade becomes more profitable the Trailing Stop will adjust the Stop Loss Order to keep the distance from the Price of the Stop Loss Order equal to the points value of the Trailing Stop. The Stop Loss Order will be executed as described above.

A separate Stop Loss Order can be placed on a Trade alongside a Trailing Stop. In this scenario, as only one Stop Loss Order can exist on a Trade at a time, once the Trailing Stop is activated it will adjust the previous separately placed Stop Loss Order.

Important:

If multiple Trades in the same Product have a Trailing Stop associated with them, only the most recent Trailing Stop to be activated is adjusted.

A Trailing Stop will only work whilst you remain logged in to your Account and the MetaTrader Platform and are connected to the internet.

Roll-Over

An Auto Roll-Over on a sell Trade on any particular Forward will be carried out by the Trading System automatically executing a Market Order to buy the number of Units for that Trade at the Level 1 Buy Price (regardless of the size of the Order). This Order will be

executed (if possible) on or before the Expiry Date. The Trading System will then immediately execute a Market Order to sell the same number of Units on a Forward based on the same underlying asset but with the next available Expiry Date, at the Level 1 Mid-Price. Any associated Take Profit Order or Stop Loss Order will be cancelled.

An Auto Roll-Over on a buy Trade will be executed on the same basis, save that the Trading System will automatically execute a Market Order to sell the number of Units for that CFD Margin Trade at the Level 1 Sell Price and the corresponding Market Order will be to buy the same number of Units on a Forward at the Level 1 Mid-Price. Any associated Take Profit Order or Stop Loss Order will be cancelled.

Any Pending Orders on a Forward on which a CFD Margin Trade is being closed as part of a Roll-Over will automatically be cancelled by the Trading System, and an equivalent Pending Order with an equivalent Target Price will be placed automatically by the Trading System on any Forward (based on the same underlying asset but with the next available Expiry Date) on which a new Trade is being entered into as part of the Roll-Over.

A Roll-Over on any Trade on any particular Forward will not be executed if a Forward based on the same underlying asset but with a later Expiry Date is not available at the time the Roll-Over would otherwise have been carried out. In such circumstances, the Trade will be closed at the Expiry Date and settled on the Cash Settlement Date, with any relevant Pending Orders also cancelled on the Cash Settlement Date.

10.3.3 Opening a new Trade in the opposite direction to an existing Trade will not close the original Trade as there is no netting in place on Trades placed on the Trading System.

10.3.4 You cannot open, amend or close Orders on the Back Office Platform. You must use the MetaTrader Platform to trade with CMC Markets. To view your Orders, you must log in to the MetaTrader Platform.

10.3.5 The Back Office Platform will display all your open Trades and Positions. However, any attached Orders will not be displayed in the Back Office Platform.

10.3.6 The Trading System does not check available funds when a Pending Order is placed. If you do not have funds to cover the Order at the time of execution, the Pending Order will be cancelled.

10.4 **Factors we consider when determining best execution**

10.4.1 When executing Orders, we will take all sufficient steps to obtain the best possible result for you taking into account the type of financial instrument the Order relates to, and other execution factors.

10.4.2 We will take into account the following execution factors when executing your Order, ranked in order of importance from highest to lowest:

- (a) Price;
- (b) other costs including the Currency Conversion Rate;
- (c) speed of execution;

- (d) likelihood of execution and settlement; and
- (e) size of your Order.

10.5 Prices generated by the Trading System

- 10.5.1 The best possible result when executing your Order will be determined in terms of the total consideration (i.e. the price of your Order and costs related to execution).
- 10.5.2 The Prices of Products are generated electronically by the Trading System. These Prices will take into account market data from various sources, in order to enable us to check whether our Prices are fair and we are delivering on our best execution obligation. However, Prices may not match prices that you see elsewhere (including prices quoted on Trading Venues or by other providers). Prices include our reasonable Margin.
- 10.5.3 Market fluctuations and technical conditions, in addition to Circumstances Outside of Our Control, may mean that the Prices you see on your device when you place an Order may not be identical to the Price at which the Trade is executed. If changes occur in the applicable Price between the time an Order is placed by you and the time the relevant Order is received by us or the Order is executed or settled by the Trading System, the Order is generally executed at (or by reference to) the Price when the Order is executed or by the Trading System. This may either be to your advantage or disadvantage.
- 10.5.4 The Trading System displays multiple Prices for a particular Product based on the size of the Order. This feature is referred to as "**Price Depth**". Due to technical restraints outside of our control, Price Depth will only be displayed via the MT5 Platform prior to the execution of your Trades. You acknowledge that this may result in the execution of Trades at Prices that are less favourable than the Price displayed on the Platform at the time of submission of the Order. You may contact us for more information.
- 10.5.5 There will be times when circumstances may prevent the Trading System from generating Prices or affect the Prices being generated. Please refer in particular to clauses 4.2 ("Accessing the Trading System") and 8.2 ("Circumstances Outside Our Control") as well as clause 12 ("Corporate Actions, Adjustment Events and Insolvency Events") of Schedule 1 for more information.
- 10.5.6 Please refer to the 'Our Pricing' section of the Website for further information on pricing.

10.6 Currency Conversion Rates generated by the Trading System

- 10.6.1 When you enter into Trades or place Orders with us, all calculations will be undertaken in the currency in which the relevant Product is denominated, the Product Currency, before being converted into your Account Currency at the Currency Conversion Rate and applied to your Account.
- 10.6.2 As with Prices, the Currency Conversion Rate for any particular currency pair is generated electronically by the Trading System and may not match currency conversion rates that you see elsewhere (including official currency conversion rates).
- 10.6.3 Where relevant, we will provide you with the Currency Conversion Rate used to convert amounts in a Product Currency into your Account Currency.

10.7 Size, speed and likelihood of execution

- 10.7.1 The Trading System executes Orders on an automated basis and does not rely on any manual intervention or dealing.
- 10.7.2 The Trading System will, apart from in a limited number of exceptions, execute Orders as soon as practicable following receipt. The Trading System will only execute Orders during Trading Hours.

- 10.7.3 The Trading System will accept or reject Orders or the modification of Pending Orders in accordance with their respective Attributes, the Agreement, including if any applicable limits would be breached and/or you have or would have an insufficient Account Value to cover your Margin, where your Account Value is below the applicable Close-Out Level or you have insufficient Cash to pay any Commission or other premium (if applicable).
- 10.7.4 If the Trading System has accepted an Order, there may still be circumstances which prevent or otherwise affect the execution of an Order, for instance, where doing so would breach any applicable limit where market restrictions apply, where you have or would have an insufficient Account Value to cover your Margin, where your Account Value is below the applicable Close-Out Level or any circumstance under clauses 4.2 (“Accessing the Trading System”) and 8.2 (“Circumstances Outside Our Control”) as well as clause 12 (“Corporate Actions, Adjustment Events and Insolvency Events”) of Schedule 1.
- 10.7.5 The Trading System automatically takes into account the size of your Orders at the point of execution.
- 10.7.6 Please note that the Price for Orders submitted on the Trading System will reflect the size of the Order and the corresponding level of Price Depth at the time of execution.
- 10.8 **How your Trades are closed without instructions from you**
- 10.8.1 There are some circumstances where the whole or a portion of your Trades will be closed without instructions from you. This includes where Account Close-Out occurs, where you fail to reduce any Position to below the applicable limit within the relevant time limit specified by us or where we exercise our rights to close your Trades.
- 10.8.2 Unless closed by you or us beforehand, any Trade will be closed and settled by the Trading System automatically at the time and date of expiry on a Forward (and any Pending Order will also be cancelled on this basis).
- 10.8.3 If your Account falls below the Close-Out Level, the Trading System will automatically initiate Account Close-Out and will close some or all Trades in Products that are currently pricing at the prevailing Price when the liquidation orders are received.
- 10.9 **Specific instructions**
- 10.9.1 Your Orders can only be executed on the Trading System and/or through our Client Management Team. Any instruction to execute your Order on a different execution venue will lead to rejection of your Order.
- 10.9.2 If you provide us with instructions on how to execute your Order, complying with those instructions may prevent us from taking the steps that we set out in this Order Execution Policy to obtain the best possible result for the execution of your Order. In those circumstances, our execution in accordance with your instructions will be deemed best execution.
- 10.10 **Monitoring and review**
- 10.10.1 We will regularly monitor and review our policies and procedures and associated arrangements in order to ensure we comply with our regulatory obligations, making appropriate amendments if necessary.
- 10.10.2 To assist with our review, we use third-party industry standard best execution monitoring software.
- 10.10.3 You can find our most recent execution quality data on our Website.

- 11.12.1 Clauses 4.3.4, 7 and 11 and Schedule 2 will continue to apply after closure of your Account and/or termination of the Agreement.

Schedule 1 - Product terms for Trades

This Schedule 1 sets out terms that apply specifically to investing in Trades on an Account.

1 The Trading System

- 1.1 You will be able to place Trades on your Account through the MetaTrader Platform and will be able to manage your Account, including funding and withdrawals, through the Back Office Platform.
- 1.2 The MetaTrader Platform is licensed to CMC Markets by a third party. Any communications received on the MetaTrader Platform do not originate from and are not endorsed by CMC Markets, even though they may be presented as originating from CMC Markets. CMC Markets makes no warranties whatsoever in respect of the MetaTrader Platform or the services provided by third parties on the MetaTrader Platform. CMC Markets is not responsible for any loss or damage arising out of or in connection with the use, operation, performance and/or error of the MetaTrader Platform or the services provided by third parties on the MetaTrader Platform, including Automated Trading. It is your responsibility to understand the functionality of the Trading System, and to assess whether the Trading System is suitable for you, prior to placing any Trades on the Trading System.
- 1.3 In accordance with clause 6.1.2 of these Terms, we may communicate with you through the Back Office Platform. These communications may affect your ability to trade on the MetaTrader Platform. You may need to log in to the Back Office Platform to enable you to resume trading or for information about any rejected Trades.

2 Products

- 2.1 You will be able to access relevant information on each Product, including its Attributes, through the Trading System. Please see the Trading System for details of which Products are available.
- 2.2 You may only enter into or close Trades via the MetaTrader Platform and/or through our Client Management Team during the Trading Hours specified on the Trading System for the relevant Product. It is your responsibility to monitor the Trading Hours as specified on the Trading System. Some but not all types of Orders may be submitted through the MetaTrader Platform and/or our Client Management Team outside of the Trading Hours for the relevant Product.

3 Prices

- 3.1 During the Trading Hours for any Product, the Trading System will generate, and/or our Client Management Team will quote Prices subject to clauses 4.2.1, 8.2 and 8.3 of these Terms as well as clause 12 of this Schedule 1 and you acknowledge that these Prices may differ at any time to those displayed on your device.
- 3.2 The Price at which an Order will be executed may be less favourable to you than the Price displayed on the MetaTrader Platform and/or provided to you by our Client Management Team when you place the Order and you are responsible for checking the Price at which an Order may have been executed.

4 Currency Conversions

- 4.1 All Deductions and credits applied to your Account will be in the relevant Account Currency. Where the relevant Product Currency is different to the relevant Account Currency, all calculations of Deductions and credits will be undertaken in the Product Currency and converted into the Account Currency at the Currency Conversion Rate.
- 4.2 The Trading System will retain information about the Currency Conversion Rate in relation to your Account.

5 Orders

- 5.1 To enter into a Trade, you must place an Order on the MetaTrader Platform that identifies the Product and provides the information requested on the MetaTrader Platform in relation to that Product.
- 5.2 You will only be able to place an Order if you have sufficient funds in your Account and if you satisfy the Margin requirements.
- 5.3 An Order will only be deemed to be received by the Back Office Platform at the time at which the Back Office Platform actually receives it, which may not be immediately after you submit that

Order in the MetaTrader Platform. Placing an Order does not guarantee that a Trade will be entered into as we reserve the right to reject your Order without any explanation. A record of any executed or rejected Orders can be accessed through the Trading System.

- 5.4 Subject to the provisions of this Schedule 1, you and/or we may modify or cancel any Pending Order at any point until that Order has been executed.
- 5.5 If your Account has insufficient Available Equity to meet the relevant Margin requirements for that Order, we will not execute that Order.
- 5.6 In respect of a Roll-Over and/or an Auto Roll-Over, it is your responsibility to ensure that the Account has sufficient Available Equity to meet the relevant Margin requirements. Certain Products, including Trades on Forwards, are subject to an Auto Roll-Over on the Expiry Date, which is usually carried out around fifteen (15) minutes prior to the Expiry Time on the Expiry Date. The Expiry Date for Trades on Forwards appears under the “Last Trade” section within the contract specification window on the MetaTrader Platform. The Expiry Time appears on the MT5 Platform only, under the “Last Trade” section within the contract specification window. Please be aware that due to external technical limitations outside our control, the MT4 Platform cannot display the Expiry Time. If you require additional information on the Expiry Time for a Trade in relation to a particular Forward, please contact our Client Management Team. Expiry Times will be displayed on the Back Office Platform regardless of whether the client is using the MT4 Platform or MT5 Platform.
- 5.7 The types of Order available to you in respect of a particular Product and the details of when those Orders might be placed or modified will be set out on our Website and further specified on the Trading System.

6 Margin

- 6.1 We will apply a variety of Margin requirements to any Trade you place on the MetaTrader Platform which you are required to meet in order to place that Trade. We provide detailed information on the Trading System regarding these Margin requirements. In the event of a discrepancy of the Margin requirements displayed between the MetaTrader Platform and the Back Office Platform, the Margin requirements displayed on the Back Office Platform will take precedence.
- 6.2 Margin reflects a percentage of the full value of the Position. Once you have entered into a Trade, you will need to ensure that your Account Value is sufficient to withstand Price fluctuations.

7 Automated Trading

- 7.1 Various applications to automate trading and analysis, such as expert advisors (commonly referred to as EAs), indicators and scripts, are available on the MetaTrader Platform via third parties (“**Automated Trading**”). CMC Markets does not recommend or endorse any use of Automated Trading and is not responsible for any loss or damage whatsoever arising out of or in connection with your use of Automated Trading on the MetaTrader Platform.
- 7.2 In accordance with clause 9.5 of these Terms, CMC Markets reserves the right to terminate the Agreement immediately if we reasonably suspect that you are using Automated Trading for any Improper Use.

8 Close-out Netting and Early Termination

- 8.1 All Trades entered into by you or on your behalf pursuant to the Agreement are entered into in reliance on the fact that the Agreement and all Trades form a single agreement between us and you. The term ‘Agreement’ shall be construed as including the Agreement and all Trades accordingly. You agree you will not enter into any Trades other than as part of the Agreement.
- 8.2 Without prejudice to any of our other rights under the Agreement and upon the occurrence of an Event of Default, we may at our sole discretion and by notice in accordance with clause 6 of these Terms designate a day not earlier than the day such notice is effective as the Early Termination Date in respect of all outstanding Trades as at such date (each an “**Outstanding Trade**”).
- 8.3 Once an Early Termination Date has been designated, no further payments will be required to be made in respect of the relevant Trades, other than payments calculated in accordance with the remaining provisions of this clause and we will cancel any Pending Orders.
- 8.4 On or as reasonably practicable following the occurrence of an Early Termination Date, we will make the relevant calculations to determine our Netting Loss or Netting Gain (as applicable) for

each Outstanding Trade. We will provide to you evidence of such calculations showing reasonable detail and including all relevant quotations. Such calculations shall be binding on you (absent manifest error) and the date on which such calculations are provided shall be the "Payment Date".

- 8.5 On the Payment Date, the Settlement Amount will be due and payable. If the Settlement Amount is a positive number, you will pay it to us. If the Settlement Amount is a negative number, we will pay it to you.

9 Risk Management

- 9.1 You may set a variety of risk management options in respect of a Trade at any time via the MetaTrader Platform. Further information on the types of risk management options are available on the MetaTrader Platform.

Limits on your Trades.

- 9.2 Various Product limits will apply to your Orders. If, at the time an Order would otherwise be executed, the execution of that Order would result in a breach of a limit relevant to that type of Order, the Order will be automatically rejected.
- 9.3 Where the acceptance of a Pending Order or modification of an existing Pending Order would result in a breach of a relevant limit, the relevant Order or modification will be rejected by the MetaTrader Platform.
- 9.4 In addition, an Account may be subject to a limit restricting the number of Trades and Positions that could result in opening a new Position or Trade on the Account at any time. This limit is set by us in our sole discretion. We are entitled to vary such a limit at any time in accordance with clause 9.3 of these Terms.

10 Profit Or Loss

- 10.1 Details of the Unrealised Profit Or Loss (and its relationship to Realised Profit or Realised Loss) for any individual Trade are provided via the Trading System.
- 10.2 The Trading System will set off any unrealised profits against any unrealised losses on all Trades on your Account. The Unrealised Profit Or Loss displayed on the Trading System at any time may not accurately reflect the Realised Profit or Realised Loss that would be gained or incurred if you closed one or all of your Trades immediately.
- 10.3 Realised Loss will be due and payable immediately.

11 Holding Costs

- 11.1 We will charge certain Holding Costs for certain Trades, details of which are available on the Trading System. Where an Underlying Market will be closed on any Calendar Day, such that you would be unable to close a Trade, we may charge you the Holding Cost for that Calendar Day in advance. You must have sufficient Cash in your Account to meet any Holding Cost.
- 11.2 The Trading System will calculate the Holding Cost as follows:

On a buy Trade

$$\text{Holding Cost} = \frac{(\text{Units} \times \text{Level 1 Mid-Price} \times \text{Holding Rate Buy})}{365} \times \text{Currency Conversion Rate}$$

On a sell Trade

$$\text{Holding Cost} = \frac{(\text{Units} \times -1 \times \text{Level 1 Mid Price} \times \text{Holding Rate Sell})}{365} \times \text{Currency Conversion Rate}$$

*the Level 1 Mid-Price is not required for Trades in Products where the underlying asset relates to a currency.

- 11.3 We may, in our reasonable discretion, use Cash in your Account to reduce the amount of any Holding Cost you owe us.

12 Corporate Actions, Adjustment Events and Insolvency Events

- 12.1 A Corporate Action or Adjustment Event may occur in relation to the underlying asset of a Product. If a Corporate Action or Adjustment Event occurs, we may but are not obliged to take appropriate action (in our reasonable opinion) to:
- (a) replicate this in your Order or Trade;
 - (b) adjust and/or cancel your Orders;
 - (c) reflect any action taken by counterparties to trades in respect of such underlying assets of the Product that we have entered into in order to hedge or offset our exposure to you; or
 - (d) preserve the economic equivalent of your Order or Trade immediately prior to the Corporate Action or Adjustment Event, which may have consequences on your Trade.
- 12.2 Subject to clause 9.4.1 of these Terms, we will give you notice of any applicable action that we decide to take as soon as reasonably practicable, which for the avoidance of doubt may be after the relevant Corporate Action or Adjustment Event or after the relevant action which we may take in our discretion under this clause.

13 Account Close-Out

- 13.1 You must ensure that for each Account your Account Value is at all times above the applicable Close-Out Level for your Account displayed on the Trading System. Where your Account Value is less than the applicable Close-Out Level, the Trading System will automatically initiate Account Close-Out. Further details on the Close-Out Level for your Account, can be found on the Back Office Platform. Account Close-Out does not and is not intended to limit your entire liability to us in respect of your Trades.

14 Laddered Offering

- 14.1 CMC Markets will make Price Depth an available feature on the MetaTrader Platforms for Orders submitted by Clients from time to time. Accordingly, the Ask Price or Bid Price for Orders will reflect the size of the Order and the corresponding level of Price Depth at the time of execution.
- 14.2 Due to technical restraints outside of CMC Markets' control, the MT4 Platform will not display the Price Ladder (and therefore, Price Depth), nor will it display corresponding Order sizes for Price Depth. The MT4 Platform will only ever display the Level 1 Price (and the corresponding Order size for the Level 1 Price). Notwithstanding this, the Trading System will execute Trades utilising Price Depth to enable larger maximum Trade sizes.
- 14.3 The Price at which Trades are executed will only be displayed to you via the open positions window of the MT4 Platform and via the open positions window and Account History after execution of the relevant Trade. The Price Ladder (and therefore, Price Depth) will only be displayed via the Account History after execution of the relevant Trade. Consequently, you will not have access to (and therefore no knowledge of) the exact Price of an Order prior to submitting that Order. For the avoidance of doubt, no other information regarding Price Depth (such as details of reasonable or expected Prices) will be provided to the Client prior to submission of Orders.
- 14.4 For certain Products on the MT5 Platform, different Margin Rates may apply depending on the size of your Position or the Tier(s) any portion of your Position falls within. Otherwise, the Margin Rate for Trades will be the equivalent percentage rate applicable to the Level 1 Price (irrespective of the level of Price Depth at which your Trades are executed).
- 14.5 By placing an Order through the Trading System, you:
- (a) expressly acknowledge, understand and accept that:
 - (i) the Price displayed on the MT4 Platform when you place an Order may not be identical to, and may differ significantly from, the Price at which the relevant Trade is executed (which, for the avoidance of doubt, will only be available to you after execution);
 - (ii) your access to Price Depth may result in the execution of Trades at Prices that are less favourable than the Level 1 Price. The larger the Order quantity that is executed (utilising Price Depth), the less favourable the Price of execution will be compared to the Level 1 Price. For the avoidance of doubt, increasingly lower levels of Price Depth will correspond to increasingly less favourable Prices at which Trades are executed;

- (iii) the Price at which the Trading System executes an Order for a Trade may be significantly less favourable to you than the Price displayed on the MT4 Platform when you place the Order;
 - (iv) there are inherent risks associated with the Laddered Offering, which you accept whether reasonably foreseeable or not; and
 - (v) the factors described in clauses 14.5(a)(i) to 14.5(a)(iv) above may be to your disadvantage and may result in Trades executed on terms less favourable to you. To mitigate such risks, we strongly recommend you regularly review details of your Orders on the Back Office Platform and contact our Client Management Team if you have any questions; and
- (b) acknowledge that you have reviewed and understood clause 14 of this Schedule 1, which is intended to illustrate how the Laddered Offering may result in execution of a Trade on terms less favourable to you. This clause 14 does not demonstrate all of the potential negative consequences that may result from the Laddered Offering.
- 14.6 Nothing in this clause 14 will limit CMC Markets' general right to reject any Order for any reason.
- 14.7 CMC Markets may, in its sole discretion, revoke access to the Laddered Offering at any time and for any reason.
- 14.8 CMC Markets makes no warranties whatsoever in respect of the Laddered Offering. CMC Markets is not responsible for any loss or damage arising out of or in connection with the use, operation, performance and/or error of the Trading System in connection with the Laddered Offering. It is your responsibility to understand the functionality of the Laddered Offering and the Trading System, and to assess whether the Laddered Offering and Trading System are suitable for you, prior to placing any Trades. The Laddered Offering is provided on an "as is" basis. All other warranties, whether express or implied or contractual or statutory, are expressly disclaimed.
